

The Indigenous World Class Inverter Based DC TIG and DC Pulsed TIG Welder

Complies to the latest International Standards IEC EN 60974-1, 60974-10

- Three phase inverter based, High efficiency and High Power Factor Pulse TIG/ MMA DC Welder
- Useful for wide variety of material types and thickness
- Full featured TIG controls possible
- HF ignition
- Intelligent protection: over/under voltage, over current / temperature
- Water cooled Torch with water cooling unit option.

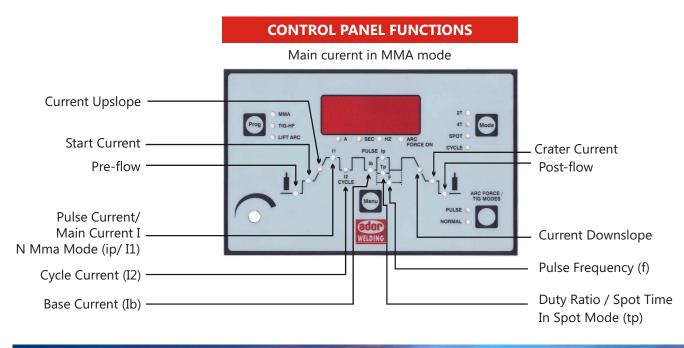

The Indigenous World Class Inverter Based DC TIG and DC Pulsed TIG Welder

SALIENT FEATURES

- Latest PWM Inverter Technology
- High Efficiency (> 85%)
- Smooth and stable arc with spatter less welding

The Indigenous World Class Inverter Based DC TIG and DC Pulsed TIG Welder

- Warranty: One year from the date of commissioning. ADOR WELDING LIMITED warrants that all new equipment sold from Plant/ Area / Authorised Distributors are free from defects in materials and workmanship and Offices will perform in full accordance with applicable specifications.
- In view of continuous development, ADOR WELDING LIMITED reserves the right to modify/change the design and /or the specifications without any prior notice.
- Backed by dedicated customer care package.
