

Ador Welding Ltd lends a helping hand to the spirited social activist working in Delhi fondly called the "Matka Man"

WELDERS TO THE NATION SINCE 1951

(Formerly Advani-Oerlikon Ltd.)

A Bangalore Resident fondly known as "Matka Man" is a 66 year old retiree who is trying to out on a mission to help the socially deprived and needy in Delhi. The "Matka Man" also donates cycle pumps & smoke free stoves to the poor.

In 2014, in the sweltering heat of the Delhi summer, seeing so many poor desolates going thirsty, his attention turned to water. He has set up over 15 matka stands in South Delhi.

In order to effectively reach the needy in these far flung areas he decided to build/design a fully equipped van to deliver the necessities.

All his activities which also include seasonal fruits & vegetables besides drinking water are carried out primarily through this Van. The Van is fitted with an 800 litre tank, a pump and has a generator to run it.

Ador Welding Ltd also decided to contribute their bit to his wonderful effort and helped him to build this portable setup with the help of a welding machine & personal protective accessories for safe welding donated for this great cause.

This customised set-up assures him of a hassle free ride and smooth deliveries.
