Notes:

a) M&R Division [earlier Ador Fotech Limited (ADFL)] had invested INR 1,725 lakhs in equity shares of its wholly owned subsidiary, 3D Future Technologies Private Limited (3DFT). Additionally, the Company provided an inter-corporate deposit (ICD) of INR 1,765 lakhs to 3DFT. During the previous year, the management had recognized a provision of INR 1,725 lakhs towards diminution in the value of equity investment and INR 1,446 lakhs towards diminution in the value of ICDs. Such provisions were recognized as exceptional items.

b) During the previous year, the Company had recognized INR 706 lakhs towards legal and professional fees, along with applicable stamp duty required for the transfer of immovable assets from the transferor company earlier Ador Fotech Limited to the transferee company (Ador Welding Limited), pursuant to the merger. This amount is also recognized as an exceptional item.

c) During the previous year, the Company had paid INR 379 Lakhs towards rewards & recognition, considering long service tenure & contribution to few employees of earlier Ador Fotech Limited, which was also recognized as an exceptional item.

d) During the previous year, the Company had recognized a provision of INR 100 lakhs, for the diminution in value of inventories, which had become obsolete or unusable due to market conditions and their physical state. This amount was also classified as an exceptional item.

e) During the previous year, the Company had sold its property situated at Kochi and profit of INR 46 lakhs on sale was also recognized as an exceptional item.

f) On November 21, 2025, the Government of India notified four Labour Codes - viz. the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - repealing / subsuming 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in these regulations. The Company has assessed and disclosed the incremental impact of these changes, basis internal assessment, consistent with the guidance provided by the Institute of Chartered Accountants of India. Considering the materiality and the regulatory-driven, non-recurring nature of this impact, the Company has shown / disclosed such incremental cost / expense as "Impact on account of new Labour Codes", as "Exceptional Item" in the standalone financial results for the quarter and period ended December 31, 2025. The incremental impact is INR 590 lakhs on gratuity and leave encashment due to change in wage definition. The Company continues to monitor the final notification of Central / State Rules and clarifications from the Government on other aspects of Labour Code, if any and would provide appropriate accounting effect on the basis of such developments, as needed in future.

4 During the financial year 2022–23, the Company (Flares & Process Equipment) commenced a turnkey project targeted for completion by June 2025. While the project has encountered certain delays due to a combination of operational and external challenges, the Company remains committed to its successful execution and is actively engaging with stakeholders to mitigate potential impacts.

In line with applicable accounting standards and guided by the principles of prudence, the Company has, during the previous quarter, recognized a provision of ₹1,293 lakhs towards estimated cost overruns and ₹ 1,499 lakhs towards potential liquidated damages.

These provisions have been taken on a one-time basis to allow the management to focus on its core business. The Company continues to pursue all available measures to optimise project overrun costs and delivery timelines.

5 The Company had filed an application with the Bureau of Indian Standards (BIS) Authorities for compounding of an alleged Offence under Section 33 of the BIS Act, 2016 on 05 May 2023. The Company received an order dated 15 June 2023 allowing the Compounding application, subject to payment of compounding amount of INR 3,643 lakhs under the BIS Act, 2016 and BIS Rules, 2018. As the Compounding amount was unfair, arbitrary and unreasonable, the Company had filed a Writ Petition in the Hon'ble Bombay High Court. The matter was heard by the Hon'ble Bombay High Court and was remanded back to the Appellate Authority of BIS for fresh re-assessment. As the facts of this matter and the internal assessment remain unchanged, no provision has been made in the books as of 31 December 2025.

6 The Company had executed a project in Kuwait during IY 2020–21, the receivables from which were under litigation and accordingly provided for as doubtful. During the current quarter, the Company has recovered Rs. 844 lakhs from said doubtful receivables. Accordingly, the provision created in earlier year has been reversed and recognised as Other Income.

7 As a result of the Chief Operating Decision Maker's review mechanism, the Company has reorganized its segment reporting from the quarter ended 30 June, 2025 as below:

- Segment "Welding" is combination of earlier segment "Products" and "Maintenance & Reclamation (M&R)".
- Segment "Services" has been renamed as "Flares & Process Equipment".

Prior year's / periods amounts have been restated to align with the above changes.

8 The accounting policies and methods of computation followed in the standalone financial results are consistent with the standalone financial statements for the year ended March 31, 2025.

- a) During the previous year, the Holding Company had recognised INR 706 lakhs towards legal and professional fees, along with applicable stamp duty required for the transfer of immovable assets from the transferor company (erstwhile Ador Fotech Limited) to the transferee company (Ador Welding Limited), pursuant to the merger. This amount is also recognised as an exceptional item.
- b) During the previous year, the Holding Company had paid INR 379 Lakhs towards rewards & recognition, considering long service tenure & contribution to few employees of erstwhile Ador Fotech Limited, which was also recognised as an exceptional item.
- c) During the previous year, the Holding Company had recognised a provision of INR 100 lakhs, for the diminution in value of inventories, which had become obsolete or unusable due to market conditions and their physical state. This amount was also classified as an exceptional item.
- d) During the previous year, the Holding Company had sold its property situated at Kochi and profit of INR 46 lakhs on sale was also recognised as an exceptional item.
- e) On November 21, 2025, the Government of India notified four Labour Codes – viz. the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 – repealing / subsuming 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in these regulations. The Group has assessed and disclosed the incremental impact of these changes, basic internal assessment, consistent with the guidance provided by the Institute of Chartered Accountants of India. Considering the materiality and the regulatory-driven, non-recurring nature of this impact, the Group has shown / disclosed such incremental cost / expense as "Impact on account of new Labour Codes", as "Exceptional Item" in the consolidated financial results for the quarter and period ended December 31, 2025. The incremental impact is INR 590 lakhs on gratuity and leave encashment due to change in wage definition. The Group continues to monitor the final notification of Central / State Rules and clarifications from the Government on other aspects of Labour Code, if any and would provide appropriate accounting effect on the basis of such developments, as needed in future.
- 5 During the financial year 2022–23, the Holding Company (Flares & Process Equipment Division) commenced a turnkey project targeted for completion by June 2025. While the project has encountered certain delays due to a combination of operational and external challenges, the Holding Company remains committed to its successful execution and is actively engaging with stakeholders to mitigate potential impacts.
- In line with applicable accounting standards and guided by the principles of prudence, the Holding Company has, during the previous quarter, recognised a provision of ₹1,293 lakhs towards estimated cost overruns and ₹1,499 lakhs towards potential liquidated damages. These provisions have been taken on a one-time basis to allow the management to focus on its core business. The Holding Company continues to pursue all available measures to optimise project overrun costs and delivery timelines.
- 6 The shareholders of the Holding Company (AWL) and its fellow subsidiary, Ador Fotech Limited (ADFL), in their respective meetings held on 10 August 2023 and 30 October 2023, had approved the proposal for the amalgamation of ADFL with the Holding Company, subject to all the necessary statutory / regulatory approvals.
- The Scheme for amalgamation of ADFL with the Holding Company was approved by the National Company Law Tribunal (NCLT), Mumbai Bench, vide order dated 20 August 2024. The Scheme was made effective on 25 September 2024, upon filing the certified copy of the Order with Registrar of Companies, from the appointed date i.e., 01 April 2022. Consequently, the Holding Company accounted for the business combination transaction in accordance with the accounting treatment prescribed by the Scheme, which is consistent with the principles of Appendix C of Ind AS 103 'Business Combinations under Common Control'. Pursuant to the same, the comparative consolidated financial information of the Group for the year ended 31 March 2025 has been prepared basis the standalone audited financial information of the Holding Company and the audited consolidated financial information of erstwhile fellow subsidiary Company, ADFL for the year ended 31 March 2025.
- 7 The Holding Company had filed an application with the Bureau of Indian Standards (BIS) Authorities for compounding of an alleged Offence under Section 33 of the BIS Act, 2016 on 05 May 2023. The Holding Company received an order dated 15 June 2023 allowing the Compounding application, subject to payment of compounding amount of INR 3,643 lakhs under the BIS Act, 2016 and BIS Rules, 2018. As the Compounding amount was unfair, arbitrary and unreasonable, the group had filed a Writ Petition in the Hon'ble Bombay High Court. The matter was heard by the Hon'ble Bombay High Court and was remanded back to the Appellate Authority of BIS for fresh re-assessment. As the facts of this matter and the internal assessment remain unchanged, no provision has been made in the books as of 31 December 2025.
- 8 The Holding Company had executed a project in Kuwait during FY 2020–21, the receivables from which were under litigation and accordingly provided for as doubtful. During the current quarter, the Holding Company has recovered Rs. 844 lakhs from said doubtful receivables. Accordingly, the provision created in earlier year has been reversed and recognised as Other Income.
- 9 As a result of the Chief Operating Decision Maker's review mechanism, the Group has reorganized its segment reporting from the quarter ended 30 June, 2025 as below:
 - Segment "Welding" is combination of erstwhile segment "Products" and "Maintenance & Reclamation (M&R)".
 - Segment "Services" has been renamed as "Flares & Process Equipment (FPED)".
 Prior year's / periods amounts have been restated to align with the above changes.
- 10 The accounting policies and methods of computation followed in the consolidated financial results are consistent with the consolidated financial statements for the year ended March 31, 2025.
